

## User Reference Document – Log into CAMS

Purpose: The login page serves several purposes.

- It is a welcoming point to CAMS for new customers as well as existing applicants.
- It allows new applicants to register for a CAMS logon ID and password.
- Facilitates a login point for those who already have a CAMS ID and password
- Allows users **without** an ID and password to simply search and view current DHCD programs which have been set up in CAMS.

The following Reference Document assumes that the user has been issued a CAMS ID and password. See the specific reference document for Searching Programs without a Login ID.
